LexiConn Knowledgebase

How to check your billing status / securely update your billing information

1. Log in to your account manager
2. Click the "Account Management" button on the left hand side of the page
3. Click the "Billing" tab at the top. You will be brought to a page which displays all current and past invoices. To update your billing information, click the link towards the top which says "Update your billing address / billing information securely".
