

Adjust Font Size of Orders in the Back Office

`$(function(){ $(".Box").css("display","none"); });` You can customize the font size and style shown when viewing orders or printing packing slips in ShopSite 11 using CSS in:

Orders -> Configure - View Order Header

And

Orders -> Configure - Packing Slip Header

Here is sample CSS you could paste into these textareas to change the font on the View Orders screen or Packing Slip to twelve pixels:

`<style type="text/css"> body, div, table, td, p{ font-size: 12px; } </style>`
