How can I learn more about PHP?

There are many resources on the web for learning about PHP and all that it can do for a website. Here are a few links you can use to view tutorials, documentation, and more.

PHP Home Page - Has great online documentation, links to tutorials, examples, and more (not to mention the a PHP manual).

phpit.com - Well-written, understandable PHP tutorials

w3schools.com - An introductory tutorial on PHP.

Hotscripts.com - Over 13,000 PHP scripts and programs to choose from. The best collection of PHP programs on the web.
